

its successor agency under Public Law 103-354 449-14 of any percentage of guarantee less than proposed by the lender and borrower, and the reasons therefore. FmHA or its successor agency under Public Law 103-354 determines the percentage of guarantee after considering all credit factors involved, including but not limited to:

(1) *Borrower's management.* The borrower's management, and when appropriate, equity capital, history of operation, marketing plan, raw material requirements, and availability of necessary supporting utilities and services;

(2) *Collateral.* Collateral for the loan;

(3) *Financial condition.* Financial condition of borrower or borrower's principals, if appropriate;

(4) *Lender's exposure.* The lender's exposure before and after the loan, and any applicable limits on the lender's lending authority; and

(5) *Trends and conditions.* Current trends and economic conditions.

§§ 1980.421-1980.422 [Reserved]

§ 1980.423 Interest rates.

(a) *Guaranteed loans.* Rates will be negotiated between the lender and the borrower. They may be either fixed or variable as long as they are legal. Interest rates will be those rates customarily charged borrowers in similar circumstances in the ordinary course of business and are subject to FmHA or its successor agency under Public Law 103-354 review and approval. Should any part of the loan(s) be sold by the lender, FmHA or its successor agency under Public Law 103-354, in its analysis, will take into consideration in approving the lender's interest rate, the rate at which guaranteed loans are being sold or traded in the secondary market.

(1) A variable interest rate must be a rate that is tied to a base rate published periodically in a recognized national or regional financial publication specifically agreed to by the lender and borrower. The variable interest rate may be adjusted at different intervals during the term of the loan but the adjustments may not be more often than quarterly. The intervals between inter-

est rate adjustments will be specified in the Loan Agreement. The lender must incorporate within the variable rate promissory note at loan closing, the provision for adjustment of payment installments coincident with an interest rate adjustment. This will assure that the outstanding principal balance is properly amortized within the prescribed loan maturity to eliminate the possibility of a balloon payment at the end of the loan.

(2) Under a Memorandum of Understanding between FmHA or its successor agency under Public Law 103-354 and the Farm Credit Administration dated September 25, 1974, the interest rate on loans made by the Bank for Cooperatives, Federal Land Banks and Production Credit Associations may be a variable rate based on their administrative and borrowing costs.

(3) Any change in the interest rate between the date of issuance of the Form FmHA or its successor agency under Public Law 103-354 conditional Commitment For Guarantee," and before the issuance of the Loan Note Guarantee must be approved by the State Director. Approval of such change will be shown on an amendment to Form FmHA or its successor agency under Public Law 103-354 449-14.

(4) It is permissible to have one interest rate on the guaranteed portion of the loan and another interest rate on the unguaranteed portion of the loan, provided the lender and borrower agree and:

(i) The rate on the unguaranteed portion does not exceed that currently being charged on loans of similar size and purpose for borrowers under similar circumstances.

(ii) The rate on the guaranteed portion of the loan will not exceed the rate on the unguaranteed portion.

(5) When multi-rates are used, the lender will provide FmHA or its successor agency under Public Law 103-354 with the overall effective interest rate for the entire loan.

(6) The borrower, lender and holder (if any) may collectively effect a permanent reduction in the interest rate of their B&I guaranteed loan at any time during the life of the loan upon written agreement by these parties. FmHA or its successor agency under
